

JC Athletic Booster Club

We help strengthen the athletic programs at Johnson Creek by providing the “extras” that would not otherwise be possible. Booster Club volunteers help the athletes and coaches with assisting in field preparation, creating player pep signs, contributing to facility and equipment improvements, fundraising and donating time when needed. We have provided funding for team trips, athletic equipment and college scholarships. Our active and fun group meets only once each sport season. This is a great place to meet other parents, coaches and community members.
