

JOHNSON CREEK SCHOOL DISTRICT
SITES AND FACILITIES COMMITTEE MEETING
Wednesday, October 19, 2011
District Office
5:30 p.m.

Chair Duane Draeger called the meeting to order.

Members Present: Duane Draeger, Rick Kaltenberg, Andy Swanson, Mike Garvey, Dan Fischer

Dr. Garvey verified that the meeting was properly posted.

Motion by Kaltenberg/Swanson to adopt the agenda as posted.

Dan Fischer presented quotes from Quality Door to replace a variety of rest room partitions. He also reported that both the football field and the outfield of the softball diamond will be aerated, fertilized, and over-seeded yet this fall.

The Committee toured the building and considered replacement of the restroom partitions.

Motion by Kaltenberg/Swanson to replace the restroom partitions in the Elementary boys' restroom near the multipurpose room at a cost of \$2140 and the High School girls' gym locker room at a cost of \$2297. Motion passed. These are included in the 2011-12 capital budget.

The Committee discussed the facility needs of the district. All topics were on the table for discussion including building an elementary school, returning to referendum with the grade 5-12 project, and doing remodeling on the existing buildings.

The Committee asked Dr. Garvey to contact School Perceptions about conducting another survey, which would ask more open ended questions as well as provide clearer demographics about the respondents.

Dr. Garvey and Mr. Swanson indicated that the Curriculum Committee was asking for information about improving our Science labs. Portable labs are available for lease but there is a concern about water and sewer. Dr. Garvey suggested remodeling the Jr. High Science lab to be used as the high school lab. Mr. Draeger suggested swapping the High School lab with the FACE room.

Dr. Garvey and Mr. Fischer will investigate the options.

Motion by Swanson/Kaltenberg to adjourn. Motion passed.

Respectfully Submitted,

Michael P. Garvey, Ph.D.
Superintendent
